- 
- 1 Deductible and copayments marked with a (1) do not accrue to calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached.
- 2 Member is responsible for copayment in addition to any charges above allowable amounts. The copayment percentage indicated is a percentage of allowable amounts. Preferred Providers accept Blue Shield's allowable amount as full payment for covered services. Non-Preferred Providers can charge more than these amounts. When members use Non-Preferred Providers, they must pay the applicable copayment plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar year deductible or copayment maximum. Calendar-year deductible applies to services of Non-Preferred Providers only.
- 3 The maximum allowed charges for non-emergency surgery and services performed in a non-participating Ambulatory Surgery Center or outpatient unit of a non-preferred hospital is \$350 per day. Members are responsible for 30 percent of this \$350 per day, plus all charges in excess of \$350.
- 4 The maximum allowed charge for non-emergency hospital services received from a non-preferred hospital is \$600 per day. Members are responsible for 30 percent of this \$600 per day, plus all charges in excess of \$600.
- 5 Bariatric surgery is covered when pre-authorized by Blue Shield. However, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura Counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other preferred provider and there is no coverage for bariatric services from non-preferred Providers. In addition, if prior authorized by Blue Shield of California, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the Evidence of Coverage for further benefit details.
- 6 Skilled nursing services are limited to 100 preauthorized days during a calendar year except when received through a hospice program provided by a participating hospice agency. This 100 preauthorized-day maximum on skilled nursing services is a combined maximum between SNF in a hospital unit and skilled nursing facilities.
- 7 Mental health services are accessed through Blue Shield's Mental Health Service Administrator (MHSA) – utilizing Blue Shield's MHSA Participating (Level I) and Non-Participating (Level III) providers. Only Blue Shield MHSA contracted providers are administered by the Blue Shield MHSA. Behavioral health services rendered by non participating providers are administered by Blue Shield. There are no Level II providers for mental health services, other than for medical acute detoxification. For a listing of Severe Mental Illnesses, including Serious Emotional Disturbances of a Child, and other benefit details, please refer to the Evidence of Coverage or Plan Contract.
- 8 **Optional substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as "Additional Substance Abuse Treatment Benefits."**
- 9 Inpatient services for acute detoxification are covered under the medical benefit; see hospitalization services for benefit details. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield's HMO Plan Providers (Level I), Preferred Providers (Level II), or Non-Preferred Providers (Level III).
- 10 Out of network home health care services are not covered unless pre-authorized. When these services are pre-authorized, the member pays the Preferred Provider copayment.
- 11 Out of network hospice is not covered unless pre-authorized. When these services are pre-authorized, the member pays the Level I copayment.
- 12 Copayment does not apply when procedure is performed in conjunction with delivery or abdominal surgery.
- 13 Copayment shown is for physician's services. If the procedure is performed in a facility setting (hospital or outpatient surgery center), an additional facility copayment may apply.
- 14 For Level I Services outside of California or the United States, Out-of-Area Follow-up Care is covered through any provider or through the BlueCard® Program participating provider network. However, authorization by Blue Shield HMO is required for more than two Out-of-Area Follow-up Care outpatient visits or for care that involves a surgical or other procedure or inpatient stay. For Level I Services outside your Personal Physician Service Area but within California, Member Services will assist the patient in receiving Out-of-Area Follow-up Care through a Blue Shield Plan Provider. To receive Level I Services, Blue Shield HMO may direct the patient to receive follow-up Services from the Personal Physician.
